

- NOTES
- 1 All traffic signs shall comply with chapter 8 of the Traffic Signs Manual
 - 2 Maximum distance between any two temporary traffic signals to be 249m. Minimum distance between any two traffic signals to be 30 m.
 - 3 Temporary traffic signals shall not occur within 150m of an existing level crossing, Pelican crossing or signalised junction without the consent of the engineer. The engineer shall consult with the authority responsible for any of these types of facilities prior to traffic management being installed in adjacent areas.
 - 4 Coning shall be installed at 45 degree angle to the edge of the carriageway, as generally indicated.
